

31st ANNUAL

FARADAY LECTURE

**Tuesday, November 13 at 7:00 PM
Soldiers and Sailors Memorial Hall**

Free and open to the public!

“Science You Can See (and Hear)”

This year's Faraday Lecture will be presented by the team of Colin Gould and Gregg Gould. The demonstrations performed will fall in two general areas; electromagnetic induction and sound. Many of the demonstrations will utilize particularly large-scale apparatus to help the audience see/hear the scientific principles involved. These lectures/demonstrations are entertaining as well as educational.
