MATRIC GROUP TO DONATE 3D PRINTED PROTECTIVE FACE GEAR TO NYC PRESBYTERIAN HOSPITAL April 2, 2020

Matric Group, an electronics contract manufacturer, located in Seneca, PA, is building personal protective face equipment with their 3D printers to assist with the current shortage of medical supplies due to COVID-19.

The first donation will ship to NY Presbyterian hospital in New York City, where over 48,000 confirmed COVID-19 cases were reported this morning according to <https://www.cdc.gov/coronavirus/2019-ncov/cases-updates/cases-in-us.html>.

All over the country, companies like Matric Group are using their resources to provide supplies to hospitals, ambulance services, and other organizations that are fighting against the ongoing spread of the Coronavirus. To find out how you can donate, go to www.cdc.gov.

Matric designs, manufactures, and services printed circuit boards for life-sustaining devices, equipment, and instruments in the medical industry. For more information, email solutions@matricgroup or call 1-800-462-8742.
